

Custom Transformation Agreement

Client and project details are completed before signing. This agreement covers one commissioned storage or display piece made from a client-supplied object.

1. Date

Agreement date: [DD Month YYYY]. Work begins after both parties sign, the initial payment clears, and the object is accepted for transformation.

2. Parties

Designer and maker: [REMADE legal business name], [business address], [contact details] (REMADE). Client: [full legal name], [address], [contact details] (Client).

3. Project description

REMADE will transform [description and condition of supplied object] into [type of storage or display piece] for use at [intended location]. The approved specification attached as Schedule A records dimensions, materials, finish, intended use, and maximum working load.

4. Scope of services

REMADE will inspect the object, prepare a concept, obtain client approval, clean and prepare suitable components, fabricate and finish the piece, and check its safe function. One concept and one reasonable revision are included. Building alterations, electrical work, structural engineering, and installation are excluded unless separately agreed upon in writing.

5. Deliverables

One approved concept sketch or visual, one finished piece meeting Schedule A, care and mounting instructions if relevant, and an itemized invoice. An additional drawing, prototype, revision, or matching product requires a written quotation.

6. Fees and payment terms

Fixed price: QAR [amount], based on the itemized quote in Schedule A (collection, cleaning, added materials, labor, specialist fabrication, packaging, overhead, and profit). The Client pays 50% upon signing and 50% before collection or delivery. Extra work, newly discovered defects, and approved expenses require a written price and schedule change before REMADE proceeds. No price increase applies without client approval.

7. Purchasing arrangements

REMADE purchases the agreed hardware and finishing materials within the fixed price. The client owns the supplied object and pays for any client-selected upgrades or third-party purchases approved in writing. REMADE will not place an additional purchase at the Client's expense without prior written approval.

8. Intellectual property and ownership

The Client retains ownership of the original object and owns the finished physical piece after full payment. REMADE retains copyright in its original sketches, drawings, design process, and photographs. The client may use

the design for this one piece; reproduction or sale of the design needs REMADE's written permission. Editable design files are not included.

9. Publishing and photography

REMADE may photograph the finished piece for its portfolio and social channels only after the client gives separate written consent below. It will not publish the client's name, address, or identifiable personal property without specific permission.

10. Designer responsibilities

REMADE will use reasonable care and skill, maintain a record of the object's visible condition on receipt, and notify the Client if safe transformation is not feasible. REMADE remains responsible for work it performs and for coordinating any specialist it appoints, subject to applicable law.

11. Third-party responsibilities

REMADE may use an identified local specialist for agreed welding, woodworking, or CNC work. REMADE pays its appointed specialists from the agreed price unless Schedule A specifies a client-direct contract. The specialist must follow the approved specification and applicable safety requirements.

12. Client responsibilities

The Client will confirm ownership of the object and disclose known damage, contamination, or prior repairs; provide dimensions, intended use, and site details; respond to design decisions within [number] business days; pay on time; and obtain any permission needed for installation at the intended site.

13. Time frame

Object handover: [date and place]. Concept review: [date]. Approval: [date]. Target completion: [date]. Delivery or collection: [date and method]. The target dates shift by the time reasonably caused by late approvals, unavailable parts, approved changes, or events under section 19, with written notice.

14. Termination

Either party may end this agreement for a material breach if the other does not remedy it within 10 business days after written notice. The Client may also cancel before completion by written notice. REMADE will issue an itemized account for completed work and nonreturnable approved purchases; any unused advance is refunded. The Client may collect its recoverable supplied object and paid-for materials, subject to safe handling and applicable law.

15. Assignment and delegation

REMADE may delegate specialist fabrication while remaining responsible for coordination and the contracted outcome. Neither party may transfer this agreement to another party without the other party's written consent.

16. Liability and product quality

Before release, REMADE checks stability, connections, edges, finish, and the intended load in Schedule A. It supplies use and care instructions. Defects and warranty claims will be handled in line with Qatar consumer protection law; nothing here removes mandatory consumer rights. Neither party is responsible for loss caused by the other's misuse or unauthorized alteration, to the extent permitted by law.

17. Confidentiality

Each party will protect the other's private contact details, budget information, and nonpublic designs and use them only to perform this agreement, unless disclosure is required by law or approved in writing.

18. Dispute resolution and governing law

The parties will first seek a written resolution within 15 business days of a dispute notice. If unresolved, the courts of the State of Qatar have jurisdiction. The laws of the State of Qatar govern this agreement.

19. Force majeure

A party affected by an event beyond its reasonable control will notify the other promptly and take reasonable steps to limit delay. Performance is extended for the period of the disruption. If it continues for more than 30 days, either party may terminate and settle completed work and approved costs under section 14.

20. Mutual understanding

Schedule A and any signed written changes form part of this agreement. Both parties have read and understood it, had an opportunity to ask questions, and voluntarily agreed. An amendment must be approved in writing by both parties. Any mandatory rights under applicable law take priority over inconsistent wording.

21. Signatures

Each party signs and receives a copy of this agreement and Schedule A.
